PRODUCT CODE: G280

UPDATED: JULY 2020

The Self Managed Super Fund (SMSF) Loan is designed to provide loans to authorised Australian Self-Managed Super Funds for the purpose of purchasing or refinancing residential investment property.

The borrowing structure involves a loan to a SMSF Trustee with a Security Custodian purchasing the residential investment property on behalf of the Super Fund. This Security Custodian, which must be a limited liability company, then holds the property as an asset in trust for the Super Fund, which has the beneficial right to acquire the underlying asset at a future date.

The loan is limited in recourse which means the lenders rights of recovery against the SMSF Trustee if the loan goes into default is limited to the secured property and any additional security the Guarantors may have provided.
